### Latest News!

Please check my website for the latest list of items for sale. If you wish to review my feedback on eBay ([www.ebay.com](http://www.ebay.com)), my handle is "aiconversions.com." On occasion, I may even have some items for sale there. Thanks.

p.s. I have not been doing much selling lately so the prices below may not reflect the current market, particularly for digital equipment. If you have interest in an item, let me know and I will research a new price.
