

MEMORIAL TREES & GARDENS ANN ARBOR GOLF & OUTING CLUB

Dorothy Lyndon Wilkins 1914 - 2005

Garden

This garden on the left of #3 tee was designed by Chuck Wilkins in honor of his mother, Dorothy Wilkins.

As a young girl, Dorothy's parents would bring her along when they played golf. The old water pump at the bottom of the hill between #3 and #4 was her favorite spot. She filled the tincup that hung on a hook for all to use and served the water to passing players. They often rewarded her with a piece of hard candy.

This was one of her fondest memories of her childhood and AAGOC.
